Course Syllabus

Introduction

To manage an office effectively you need to first manage yourself, and then manage your time, tasks, and others in order to achieve maximum success. This course will help increase your motivation and confidence through understanding of principles and best practices of successful office management.

You will learn to prioritize, plan, and solve problems not just to get your work done on time, but to have continuous improvement in productivity. You will learn to communicate more confidently in public, meetings, and with all levels of staff, including managing difficult behaviours. Finally you will gain self management skills which will help you to cope with stress, keep a 'can do' positive attitude, and enjoy your job each day no matter what the challenges are.

objectives

By the end of this course, participants will be able to:

- Communicate effectively and assertively at all levels and in all situations
