### Course Syllabus

#### Introduction

This exciting and interactive course examines the differences between 'high' and 'low' impact Supervisors/Team Leaders. It explores the skills and attitudes that make the difference between 'great' performers and 'ordinary' ones and provides participants with the opportunity to measure themselves against a model of excellence and develop the skills they need to enhance their impact. This is essential since Effective Supervisors/team Leaders have a high impact on their teams and all those with whom they work.

#### This course will feature:

- An 'experience-based' model of supervisory excellence
- An opportunity to take stock of current approaches and working practices
- Exchanging ideas and perspectives with supervisors from a range of other organisations

**By the end of this course, participants will be able to:**

- Understand their roles and the nature of high impact supervisory skills
- Develop a strategy to enhance the effectiveness of their teams
- Develop a strategy to support and develop the performance of each team member
- Review their personal working practices and supervisory style
- Explore the nature of organisational change and their role in it
